Dear Judge Engelmayer;

I am writing your Honorable Chambers with great concern for my health and life and wanted to inform you of the harsh living conditions on the compound and in the building upon which i'm facing.

The compound here at FCI Fort Dix presently has COVID-19 cases which have tripled over and are not at 586 cases on the West-side where my person is being housed. The East-side of the compound numbers are unknown and every building are locked down due to the spread of this virus.

My greatest concern and reason that i'm writing you is the building in which i'm housed at unit 5852 (RDAP) has 5 inmates who have tested positive on January 02, 2021 and i've wrote to the court and expressed this and my concern. As of today, 91 peers in the RDAP building has tested positive for COVID-19, we have no cleaning supplies at all, and everything that i'm stating to you your Honor i've expressed to counsel as well Ms.Todd. I asked that you please grant my motion and suspend the rest of my sentence on to modify it whereas I could complete it upon supervised release and to release me to home confinement where I could also be monitored by the provation officer and courts inorder to save my life and health. I know I was not sentenced to die and I do fear for my life and health in these grave uncontrollable circumstances.

Thank you very much for your time and consideration upon this very important matter.

Respectfully submitted,

By; Gregory Carter
